Fiscal Analysis

ASSUMPTIONS:

Department of Corrections

1. This bill creates new felony offenses for deliberate homicide of an unborn child, mitigated deliberate homicide of an unborn child and aggravated assault of an unborn child.
2. While there is potential impact to the Department of Corrections for additional prisoners, the number of people who would be charged with and convicted of these offenses is unknown.
3. The general fund cost for the incarceration of a male inmate is approximately \$19,169 per year and the cost of incarceration of a female inmate is approximately \$25,243 per year. The cost would be lower if convicted felons were placed on Intensive Supervision at approximately \$4,124 per year and Probation and Parole would be approximately \$1,284 per year.
